

# WE are technology.

Integrating the intuitive human touch with cutting-edge technology, **STENOGRAPHIC REPORTERS** capture and preserve a verbatim record as a result of years of specialized training and education.

- **Stenographers** can provide Realtime text streams to parties both onsite and attending legal proceedings remotely
- Produce instant rough drafts
- Certify same- or next-day final transcripts
- Read back testimony at proceedings

- Utilizing technology, **Stenographers** can cover proceedings onsite or remotely all over the world
- Capture verbatim testimony up to speeds of 280 words per minute
- Provide closed captioning services for live events, such as sports, news, and emergency broadcasts during natural disasters
- Provide Realtime text onsite at schools and other forums to assist the deaf or hard of hearing
- Proceedings can be produced in multiple formats to complement litigation support software
- **Stenographic notes** of a proceeding can be synced with live video to create impactful moments during trial

**TECHNOLOGY:** *Science of craft, skill, cunning of hand; the collection of techniques, skills, methods, used in the production of services or in the accomplishment of objectives, such as creating a verbatim instant record.*
